Dear Campers and Families,

We missed you this past summer and can't wait to engage the girls at camp with programs that will have them building lasting memories and having fun outdoors with friends old and new.

THANK YOU for understanding and supporting the difficult decisions that were made for the health and safety of the girls and our staff. Our camp staff were disappointed that they would not be able to do what they love to do and recognized that girls were going to be disappointed by missing camp. We received many notes and e-mails from families sharing that while their daughter would miss camp, we did the right thing. It was great to have so many campers participate in our virtual summer programs working together to keep our camp community united.

We're ready to see campers again and we hope that you are ready to send them to camp. We understand that there may be hesitation, and with that in mind, we have been especially thoughtful and intentional on how we are moving forward. You will see some changes in our programming due to our added safety precautions— we have reduced the capacity of girls attending camp each week, modified our group and unit sizes, updated transportation options for day camp, and food service for resident camp. We are committed to accommodating all the girls that want to attend camp and have added more weeks to the summer schedule.

We have always put health and safety first for our campers and will continue to do so with newly added processes. Together we will share the excitement of watching your girl as she challenges herself, connects with other girls, and is mentored by a group of amazing camp staff.

Have fun exploring the 2021 camp experiences. We will see you soon!

CAMP IS A COMMUNITY

For more than 100 years, Girl Scout camp has brought girls outdoor adventures full of learning, challenge, a whole lot of friendship, and tons of fun. This happens through a community—each girl who comes to camp is welcomed into a group of girls who together can:

- Discover their ability to better solve problems and overcome challenges.
- Develop leadership skills, build social bonds, and become team players.
- Increase their level of overall happiness and gratitude, and care for the environment.

Days playing in the sun (and rain!) and nights singing around a campfire build memories, skills, and friendships that keep girls going strong through the challenges they face when they return to “the real world”.

This happens through three key elements of Girl Scout camp:

- Supportive relationships with leaders and peers, which are vital sources of security and encouragement.
- Direct, hands-on experiences that let girls practice improving their skills.
- Novelty! Girl Scout camp can be a truly unique experience that allows girls to move out of their comfort zone to try new things.

Whether they attend Girl Scout camp for a day, a week, or longer, girls are given first-rate opportunities to learn and explore, expand their horizons, and have unforgettable fun with friends old and new—all under the guidance of caring, trained adults committed to helping them unleash their remarkable leadership potential.

See **page 74** for more information.

Work at Day or Resident Camp!

Camp has a huge impact on girls through a supportive community. Are you up to the challenge to build that community? We are seeking hard-working, positive, enthusiastic, and caring adults ages 18+ to fill counselor and leadership positions at all camp locations. Pass on the word to those you know!

Girl Scout summer camp is open to ALL girls entering grades 1-12, regardless of race, color, nationality, or socioeconomic factors.

Not a registered Girl Scout? Not a problem!

Pick the adventure that is right for you!

TROOP, GROUP, & FAMILY CAMP

Camps are open year-round! In-person programs are offered by season and location. These options offer troops and families an opportunity to join in the fun of the outdoors.

SUMMER DAY CAMP

A daytime camp experience that runs 9 a.m. to 3 p.m., Monday through Friday. Girls in grades 4+ can choose to spend a night sleeping over at camp.

Check out all day camp programs on **pages 12-31**.

SUMMER RESIDENT CAMP

An overnight camp experience ranging from a three-day sampler to multiple week programs. Most campers stay for a week at a time, from Sunday afternoon to Friday evening.

Check out all resident camp programs on **pages 38-66**.

Excited for summer day camp or resident camp?

Attend as an individual!

Camp is a great place to make new friends. We intentionally design our programs and activities to assist girls in meeting and getting to know other campers. (Approximately half of our campers choose to camp this way!)

Go as a buddy pair!

Girls can attend camp with a buddy from their troop or a friend who is not yet a Girl Scout.

A girl may request one buddy when registering for camp; both girls must request each other and be registered for the same program during the same week session. Please note: groups, troops, and multiple buddy requests cannot be accommodated for a non-troop camp program.

CAMP ADVENTURE DICHOTOMOUS KEY

A dichotomous key is a tool used to identify items in the natural world, like figuring out what type of tree is in your backyard or what type of mammal you see on a hike. Use this special camp adventure key below to help you pick the right camp experience for you!

To use this fun tool, read the first question and pick one of the answers below that best fits you! Look for the icon connected to your answer at the end of the row, then find that same icon at the start of another question—that's the question you will answer next! If you do not see another question with your icon then you have found your camp adventure—just find your icon in the answer key for more information!

START HERE! Do you think you are ready for a summer camp experience that includes playing, singing, and eating in the outdoors?

I'm not sure, but I do want to go outside! 

For sure! 

I've been to camp for many years and am ready for the next step! 

If you had a problem, would you feel comfortable going to an adult who you just met?

Not sure 

Yes, I would 

Do you like sleepovers?

I am not a big fan 

Love them! 

Are you okay with being away from home for multiple days?

No, I'm not sure about that 

Definitely 

Are you ready to be responsible for yourself and your own things? (Brushing your hair and teeth, making your bed...)

I am not ready for that yet 

Yes, I am 

I love camp! I think I'm ready to learn how to lead younger girls at camp! (And I'm currently in middle school or older.)

I'm an experienced camper but am not quite old enough  

I'm an experienced camper but am not ready to lead yet  

I'm ready and interested in leading!

For Girl Scouts, camping and outdoor experiences are in our D.N.A. Mix and match options for troop outdoor adventures that are the best fit for you and your troop!

TROOP, GROUP, & FAMILY PROGRAMS

Outdoor programs are facilitated adventures for girls and troops throughout the council—and they happen all year long! Try your hand at a variety of activities: archery, badge work, high adventure, campfires, and more.

- Programs are age-group specific, with activities and skills focused on that age range. This way, everyone gets an excellent program.
- Many programs are designed as troop experiences. When adults attend in ratio with their girls, the girls take huge strides in building courage and confidence.

CUSTOM OUTDOOR PROGRAMS

If your troop is looking for an outdoor program on a specific day or topic, a custom program is for you! This is a great first step for a troop taking steps toward doing outdoor activities, a troop looking for advanced knowledge on a badge or skill, or for groups looking to coordinate an experience for a larger group, such as a service unit.

TROOP CAMPING & PROPERTY RENTALS

What could be more fun than camping with your troop? Girl Scouts can enjoy outdoor getaways at one of our many camp properties located in the Chicagoland area.

Unlike other events listed in this brochure, you are completely in charge of your experience! Explore camp, pack your day with activities, or just kick back and enjoy quality time with your group.

ADULT OUTDOOR TRAINING

In order to ensure a safe and enjoyable experience for everyone involved, we require outdoor training for adults.

- Outdoor Module I to camp with your troop in a lodge.
- Outdoor Module II & III to camp in primitive units, build fires, and cook over a fire.
- Outdoor Module IV to adventure backcountry and build primitive camping skills.

Visit the Girl Scouts' Volunteer Tool Kit (VTK):
Camp Trained Adult Section at

VOLUNTEER-LED DAY CAMPS

Our council is lucky enough to house a handful of enthusiastic volunteers who work together to put on volunteer-led day camp programs for campers in their Service Units. These volunteer-led day camp programs occur at a variety of locations including state and local parks, forest preserves, and Girl Scout camp properties.

Girls who choose to attend a volunteer-led day camp program will have a variety of camp opportunities including participating in themed programming, going on hikes, playing games, and learning many valuable outdoor skills.

Registration is handled by each volunteer-led day camp. Some of these volunteer-led day camps utilize the online registration system. Take a look at some of the volunteer-led camps that are offered around the council and head out to camp for an awesome adventure.

RESIDENT CAMP BACKCOUNTRY TRIPS

ARE YOU READY FOR A BACKCOUNTRY TRIP?

Backcountry trips are intensive, next-level primitive camping experiences.

Do you love the thought of pitching your tent every night or maybe even sleeping out under the stars? COUNCIL-RUN SUMMER CAMPS

IMPORTANT INFORMATION

Please read the following information and policies carefully prior to registering. This information can also be found online at girlscoutsgcnwi.org/camp.

PRIOR TO DAY CAMP & RESIDENT CAMP

ACCESSIBILITY/ACCOMMODATIONS

Our goal is to provide a positive camp experience for all girls. Please help us ensure your girl's success at camp. Caregivers of girls with special needs – including those with disabilities or health concerns – should contact us prior to registration. This allows us the opportunity to provide accommodations and adequate support for her camp experience. Our staff can also help you choose the sessions that are the best fit for your girl.

Specialty dietary needs can be accommodated with advance notice, please contact the programs' Camp Director.

CAMPER PAPERWORK

In order to establish the best experience possible for all campers, we require additional health and personal information to be submitted after registration for day and resident campers. The more knowledge we have, the better we can help make your camper's experience a success! Within 10 days of registering for camp you will receive an email with a link to your camper's electronic paperwork. This email will come from **campdoc.com**, please make sure to add them to your safe senders list. Campers must have completed paperwork to attend camp.

Summer Camp Paperwork is Due May 1, 2021.

Every girl must have a health history form on file to participate in summer camp. This is mandatory. A camper's registration will not be considered complete until her health history is submitted.

Please note:

- Any medications to be taken while at camp must be accompanied by the "Authorization to Medicate" form.
- Campers with serious or life-threatening allergies must have an "Allergy Action Plan" on file. Please list any severe allergies or other important health information.
- Doctor's Physical Requirement, Resident Camp Only: Your camper's physical form must be filled out by a physician. This may be substituted for a current school or sports physical that is current within 24 months of camper attendance. Upload the form to the paperwork online or send to **customercare@girlscoutsgcnwi.org**

GIRL SCOUT MEMBERSHIP

Girl Scout membership is required to participate in camp. If your girl is not currently registered, a \$25 membership fee will be automatically charged when registering for camp. This fee includes basic accident insurance coverage for all registered Girl Scouts as a supplement to existing insurance coverage.

PROGRAM AGE

For programs that occur prior to June 1, 2021, register your girl for the grade/age group she is currently in. For programs that occur on or after June 1, 2021, register your girl for the grade she will be entering in fall 2021.

REGISTRATION & PAYMENT

Register online at **girlscoutsgcnwi.org/camp**

Troop, group and family camp programs are open now for registration. Summer day and resident camp registration opens on February 1 at 6 a.m.

DAY CAMP: Program cost includes a non-refundable deposit of \$25 at time of registration. Day camp registration fees cover a wide variety of camp activities, supervision provided by skilled and compassionate adult staff, a lunch cookout each week, and meals during an optional overnight. Transportation by chartered bus is an optional additional fee.

RESIDENT CAMP: Program cost includes a non-refundable deposit of \$50 for three-to six-day programs and \$100 for programs longer than six days. Resident camp registration fees cover a wide variety of camp activities, supervision provided by skilled and compassionate adult staff, lodging, and meals.

Financial Assistance

GSGCNWI makes funds available to girls whose caregivers could otherwise not afford the cost of camp. Any girl who is a registered Girl Scout is eligible to receive confidential financial assistance for one session of any day or resident camp program. Assistance is awarded based on available funds.

Steps to receive financial aid:

1. Register for camp and make the initial payment. Camp registration must be completed prior to applying for financial aid.
2. Complete the financial assistance form. The Girl Scout Financial Assistance Application is available at **girlscoutsgcnwi.org/financial-assistance#camp**
3. Notification and disbursement of financial assistance. Approved financial assistance will be deducted from the total owed for the program.

Using Girl Scout Cookie® Dough

Girls can pay for all or part of their camp registration with the rewards they earn through GCNWI product and cookie programs. When you are ready to use your rewards, please contact our program registrar at **customercare@girlscoutsgcnwi.org**. Because camp space is limited, we highly recommend not waiting for Cookie Dough to register or pay a deposit on a program.

TRANSFERS

Transfers may be made at no charge for a similar program and are based on availability.

WAITLIST

If a program is full, join the waitlist by locating the program in the registration system and selecting “Join Waitlist”. You will be contacted if a space opens in the program, but it is not a guarantee of entry. We encourage that you register for your second-or third-choice program to ensure you do not miss out on an opportunity. We can transfer your camper if a spot opens in your waitlisted choice.

CANCELLATIONS & REFUNDS

Cancellations received at least two weeks prior to program start date may be refunded, minus the non-refundable processing deposit fee of \$25 for day camp, \$50 for three-and six-day resident camp programs, and \$100 for resident camp programs longer than six days. Cancellations due to medical reasons may be refunded, minus the non-refundable processing fee listed above. Requests for cancellation due to medical reasons must be made by August 30, 2021 and include a doctor’s note.

Refund requests must be submitted in writing. Please email customercare@girlscoutsgcnwi.org. Subject Line: Attn: Summer Camp Refund.

If GSGCNWI finds it necessary to cancel a program, a full refund will be issued to registered participants.

Refunds will not be made for the following:

- No shows, late arrivals, early departure, or partial program attendance
- Cancellations less than two weeks prior to the program start date
- Campers who violate camp policies and are sent home

AT DAY CAMP & RESIDENT CAMP

HEALTH AND SAFETY

The health and safety of all campers is our number one priority. Our camps follow standards set forth by Girl Scouts of the USA and the American Camp Association. Our Girl Scout camps offering summer camp programming are licensed by the state, and uphold state and federal codes for health, safety, site food service management, human resources, and program activities. All camps and in-person programs follow strict cleaning and sanitization procedures according

to the Centers for Disease Control (CDC), federal, and local guidelines. Each camp has established emergency procedures in consultation with local law enforcement and emergency services.

HEALTH CARE

Each camp has a health supervisor who will contact caregivers as needed, in addition to monitoring and administering first aid and routine health care.

CHECK-IN HEALTH SCREENING

Upon arrival at camp, all girls will receive a health screening by trained staff per current state and local guidelines. Any camper with temperature over 100°F, communicable disease, or suspected communicable disease will not be able to stay at camp and will need to return home. We will make every effort to reschedule your girl in a different session.

Health screening includes temperature check and overall scan for apparent illness or injury. Additional health screening at resident camp includes a feet check and scalp check for lice or nits. No refunds will be issued if a camper goes home due to lice or nits.

WEATHER

Programs are held rain or shine! If the weather is unusually hot or cold, activities are changed to keep campers safe. Weather alert radios are monitored and there are designated storm shelters for each camp in cases of severe weather.

CAMP STAFF

GSGCNWI camp staff are responsible, enthusiastic adults who are hired based on their interest and experience in working with youth in an outdoor setting. All staff (female, male, international, and domestic) complete an interview process, pass a background check, and attend 5-10 days of on-site camp training prior to camper arrival. They are certified in CPR & First Aid and trained in outdoor skills, camp programming, and how to facilitate an exceptional camper experience.

PROGRAM SCHEDULE

Because girls participate in planning activities with their program group, no two weeks or programs are exactly the same!

All information in this brochure is correct as of November 2020. Information and program availability may be subject to change.
